

Infant and Child Booking.

1. As long as hindi pa exactly 2 years old ang bata on the travel date (take note po sa araw ng flight nila dapat wala pa siyang 2 yrs old) considered as infant pa lang ito and walang fare pero may infant fee. Sa lap lang po ng adult nakaupo si infant kaya wala po siyang free carry on baggage, pero may mga airlines na may free check in baggage si infant like strollers or car seats you have to coordinate directly with the airline if meron sila.
2. Ang infant ay limited lamang per flight max 9. If magta-travel si client na may kasamang infant and child ok lang basta 2 years old above ang bata. Ang ratio po natin per flight is 1adult is to 1infant standard po yan.
3. If ang bata below 2 years old sa outbound flight tapos exactly 2 years old na siya sa return flight you need to create two separate bookings (bale dalawa po ang magiging PNR nila). Ibig po sabihin papunta infant fee pa lang siya and pabalik child na siya same fare as adult.
4. If ang bata below 12 years old sa outbound flight tapos exactly 12 years old na siya sa return flight, same thing po you need to create two separate bookings (bale dalawa po ang magiging PNR nila). Bale po pax type lang ang maiiba child siya papunta then adult na siya pabalik.
5. Since ang infant wala pang ID birth certificate po ang required for check-in. Any docs showing proof of age po ng infant is acceptable kasi understandable na wala pa po kayo maibibigay na ID. Sa bata naman if nagaaral na pwede na ang valid school ID.
6. May mga airline po na pwede mag-accept ng unaccompanied minor pax pero you have to book with them directly. Meron din po applicable fees for handling and requirements.

7.. For adult pax na may existing booking na you have two options po to add additional infant or child pax; either you email support (airsupport@gicorpphil.com) or directly contact the airline na. Reason why, so that they can link the adult booking sa child or infant booking dahil may restriction po kasi sa portal natin.

NOTE:

*For number 3 and 4 with adult companion po yan, please refer to number 6 if mag-travel alone ang minor.

*For international flight ng child you really need to go to DSWD for additional requirements especially if hindi parents ang kasama ng bata.

☐☐Additional information from eBiyaha (please see comment box)!!!

*If infant and minor without their parents, papasok at palabas ng Davao airport, they strictly need DSWD Certification. Mahigpit sa Davao, for kidnapping cases.

ADDITIONAL INFO FOR ADULT PAX:

Ang Barangay ID po is allowed for domestic flight as long as valid pa meaning di pa ito expired.
